www.hiseybells.com davidhisey@hiseybells.com

The prices quoted on our website for Police, Fire, Emergency Responder Bells are accurate. These prices include, text dedications, hanger type selected, ringer arm (if applicable), clapper assembly, and mounting hardware. The only cost additions are shipping and logos. (logos are optional)

What we need to know:

1. Size and type of bell?
2. What hanging system do you need?
3. A proofed copy of the text you want on the bell.
4. Do you wish to add a logo.
5. Shipping address.
6. Contact telephone number and name of contact person.
7. Payment info., we work with checks, money orders, most credit cards, & purchase orders.
8. An e-mail address is also helpful.

Additional Notes:

Do you need a base stand or supporting structure for your bell. Over the years most of our bells have been installed into new or existing architecture or pre-built structures. In some cases, customers have needed a stand alone or fabricated support for the bells they have ordered.

We can help, we have designed dozens of stands, custom brackets, supporting yokes, and custom structures for our bells. Some designs are very simple and inexpensive, some complex, we can provide you with many different free of charge drawings for stand alone supporting structures and stands. Also, we can fabricate them for you or you can choose to fabricate these designs locally. Let us know what you need.

Each Police, Fire, Emergency Responder Bell is custom cast just for you. It takes about six weeks to manufacture a Police, Fire, & Emergency Responder Bell.

Please call, write, or e-mail, with any questions or specification you need for your bell. Any order can be made over the phone, let us do the paperwork!

Thank you,
Dave Hisey
